

Quartermaster Creek Sale Updates

****NO LOAD OUT UNTIL AFTER THE SALE****

Outs: 27, 40, 66, 79, 96, 102, 134, 149.

- ❖ Lots 32, 45, 55, 127, and 62 will need to be fertility tested after the sale. Dr. McConnel feels they will pass in a couple weeks.
- ❖ Lot 80 & Lot 129 are both blind in one eye. Several others have small white dots in their eyes that will hardly hinder sight at all. We believe it will not affect their duties.
- ❖ Lot 99 had a bruise on his flank. The vet lanced it and it will not bother him later.
- ❖ Lot 121 has hematoma in his ears. Please leave him with us and we will tend to it in about 10 days. It is what is best for the bull.

Please pick up the commercial heifers and pairs as soon as possible. We can assist you in arranging transportation for them if you wish.

Two-year-old bulls have a few blemishes. Feel free to point them out, but we are guaranteeing them in almost every way possible.

We will try to address any additional concerns from the auction block. Again, we will stand behind what we sell.

We will gladly deliver the bulls to your ranch. Feel free to leave them with us sale day. Please tell the cashier whether or not you will pick up your purchases. If you can get your branding iron to us, we will brand and deliver your bull(s) as soon as possible.

Thanks for being with us,

Mike & Annie Switzer
